with every new presidential administration thousands of highly accomplished individuals face one of the greatest challenges of their lives learning to become an effective presidential appointee this handbook will help ease that task in clear crisp language punctuated by numerous examples edward deseve explains the ten core competencies that distinguish successful presidential appointees these skills and abilities range from personal dedication to public service and the ability to manage change to global awareness in illustrating these concepts deseve draws on ideas developed by scholars of public and business management as well as his many years of government service equally important he presents a guide to the key terms laws and regulations that new appointees will have to deal with once in office not surprisingly presidential appointees have typically been successful in their professional lives these are people accustomed to getting things done but for many of them the federal government constitutes a brave new world full of daunting challenges and potential pitfalls the presidential appointee s handbook will help them find their footing and effectively formulate implement and enforce the policies of the president at whose pleasure they serve it will also help political observers grasp more fully the enormity of installing and operating a new government

this book explores china s belt and road initiative and the criminogenic potential for economic financial and socio cultural cooperation across countries where some are known for weak law enforcement and high levels of corruption it examines whether these flows of capital are

increasing the amount of organized crime in the newly linked regions and how law enforcement agencies are responding bringing together experts across the global south and europe this book considers transnational organized crime and corruption across one belt one road obor it examines crime and corruption in china and its international united front tactic analyzes various forms of transnational organized crime such as trafficking of illegal drugs looted antiquities and wildlife and counterfeit products and presents studies on corruption and organized crime in selected obor countries including russia kazakhstan lithuania czech republic poland and bangladesh this book makes a significant contribution to the development of southern criminology and will also be of interest to those engaged with transnational organized crime political economy international relations and asian and chinese studies

clippings of latin american political social and economic news from various english language newspapers

for most of the history of the united states periods of growing indebtedness a product of wars and economic crises were followed by reductions in the debt to gdp ratio but why have the last several decades failed to follow this pattern leaving the national debt at its highest level since world war ii in this groundbreaking new book author marc allen eisner who has devoted most of his scholarly career to studying the evolution of the us political economy explores the significant changes in the fiscal conditions of the united states during the postwar period embedding the discussion in a broader historical context he demonstrates that the national debt is in part a product of reduced revenues and the growing costs of the largest entitlement programs but it also reflects a long series of shocks including two wars the financial crisis and great recession and the covid 19 pandemic deficits debt and american politics chronicles the history of the us debt in the postwar period placed in the context of broader changes in the political economy and partisan politics but it grounds this exploration in reader friendly chapter length discussions of public finance taxation mandatory spending and the budgetary process from a policy perspective the volume concludes with a discussion of the challenges of comprehensive tax and program reforms in the current political climate deficits debt and american politics assumes little prior knowledge on the part of the reader making it an ideal book for courses on public policy and political economy taught at both the upper level undergraduate and graduate level the material on public finance long term trends in taxation and spending and the budgetary process often relegated to descriptive texts will be invaluable in courses engaging the deficit and debt
